Here are 9 curved metal silver coloured brushed chrome/brushed stainless steel looking handles for kitchen cabinets. They were originally listed as 6 but I have just found a further 3 when clearing out my garage but I have kept the price the same so they are an even better bargain than before)they have a dimpled design in the middle and are complete with screws for fixing. They are in good condition and very stylish. They measure approx 12 cms from one end to the other measured.
