I have owned this van for just over three years, only selling as i have bought a bigger van.
Needs a ABS pump which is why dash warning lights are on.
Runs well and very reliable.
Lots spent over the 3 years, Recon fuel pump, New injectors, New EGR, New rockers, New power steering pump, New alternator. I fitted new timing chain and guides when i first bought the van using genuine Ford parts.
Had new Mintex front discs and pads a few months ago and just bought new pads but not fitted yet.
Very solid underneath, never been welded.
MOT until March 17
Good tyres
Open to.
