Future funeral planning, currently a pre paid funeral plan will cost you £3100 to 4100 and are set to increase by approximately 6% per year, so therefore in 10 years will cost £5050 to £6680. Invest £1,500 and make a return of 25% to 35% per year, that's a total return between £5,250 - £6,750 that 250% to 350% over 10 years. As you can see that will more than cover any future funeral costs, for a lot less than half the cost. If you want to make your future very much brighter then get in.
