Future funeral planning, currently a pre paid funeral plan will cost you £3100 to 4100 and are set to increase by approximately 6% per year, so therefore in 10 years will cost £5050 to £6680. Invest £1500 and make a return of 25% to 35% per year, that's a total return between £5,250 - £6,750 over 10 years. I am looking for a number of people who want to make there future very much.
