

# Honda CBR 2011 (4,795 GBP)

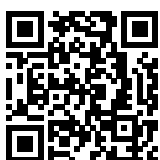

Location

East of England, Hertfordshire

<https://www.freeadsz.co.uk/x-352024-z>

The CBR600F first appeared in 1987, it was arguably the machine that started the 600 sports market. In 2011 Honda Europe was asked to recreate the qualities of the original bike for the new market. We think its fair to say they exceeded their remit by a country mile. The 100 bhp engine is plenty powerful enough to keep you amused. Whilst down on power compared to the full on sports middleweights it has had torque increased in the bottom and mid ranges to make it more usable. This machine was first registered by Honda Europe in London before making its way to its one private owner. He has kept it in excellent condition, though only covered 2666 miles since new. We will carry out a service prior to its new owner collecting the bike, this will be its 3rd service. It is fitted with a Datatool S4 alarm/immobiliser system which is Thatcham approved. Other than the alarm and a set of R&G frame protectors it is standard. It is an ABS model, giving an extra edge of safety. As with all our bikes it is of course HPI clear and will be fully prepared by our workshop prior to collection. Part exchanges are very welcome as we are always looking for used bikes, we are also happy to settle or arrange finance and trade up or down. £4795
