The Yamaha SR125 is without doubt one of the most reliable and well made bikes to come out of Japan. For years it was the first choice of many training schools for the CBT, because it was so well made and able to tolerate the rigors of a training bike. This machine, despite its age is still very clean and solid. We sold it to the last owner who has just traded it in. If you're looking for that illusive cheap reliable 125, then look no further. As with all our bikes it is of course HPI clear and will be fully prepared by our workshop prior to collection. Part exchanges are very welcome as we are always looking for used bikes, we are also happy to settle or arrange finance and trade up or down. £1195
