We at Mission are very pleased to be offering for sale this absolutely stunning GSXR1000K8. It's been loved from new by it's two private owners, who were friends. It was bought with delivery miles as a pre-registered machine. During its life its clearly been well cared for as there is no real hint of aging. It's had a few sensible and tasteful upgrades which include an R & G tail tidy, R & G frame protectors, tinted airflow Zero Gravity screen, a power commander has been fitted and set up in conjunction with a de-cat pipe and Arrow cans to provide optimum power delivery, and of course the sound it was meant to produce. The bike comes with all the original books, both original keys as well as two alarm fobs for the Meta 357T-V2 alarm immobiliser that is fitted. All the old Mot's are also included with the bike. Currently it's sporting the rear seat cowl, though the pillion pad is also included in the sale price as is the original number plate tail hanger and standard screen. As with all our bikes it is of course HPI clear and will be fully prepared by our workshop prior to collection. Part exchanges are very welcome as we are always looking for used bikes, we are also happy to settle or arrange finance and trade up or down. £5995
