All Dry Carpet Cleaning really is 100% Dry - using no water at all, meaning that carpets can be walked on as soon as they are cleaned. Offering immediate relief for asthma sufferers, removes dust mites, allergens and odours from cat spray, vomit, urine etc. There is no sticky residue so carpets remain cleaner for longer, with no risk of shrinkage or loss of colour. The system is totally safe to use around children and pets. All commercial work and domestic undertaken - throughout Kent and East Sussex. Especially useful around computers, end of tenancy lets, schools and places that you want to keep open to the public. All quotations given are FREE.
