HONDA CBR600 F6 for sale.

Here is my 2006 CBR600. It is in very good condition with a full service history (next service is now due), MOT to April 2017, both sets of keys and lots of receipts and previous MOT's. It has stainless downpipes fitted with the original exhaust (I do have an after-market can as well which I will include in the sale). I've also fitted braided brake lines to the front for a much better feel in the brakes.

I've had it since June 2010 and it has been fantastic, but I'm looking for something else now.

The bike is in use every day and has never let me down, and but obviously has a couple of minor marks as it is now 10 years old. There is a small scratch on the grab rail, and a small crack in the under-seat plastics (as shown in the photo). Neither of these detract from the general condition of the.
