

Condenser tumble dryer (100 GBP)

Location **South East, Surrey**
<https://www.freeadsz.co.uk/x-353393-z>

T2130C Electrolux professional tumble dryer. Runs on a 13 Amp plug like a domestic but can also be set up for a 16 Amp spur or even a 3 phase 10 Amp supply if required for increased performance. Condensate water is automatically pumped away to a drain, no need to empty a tank. 6KG capacity, very good condition for age. Can be stacked on top of a washing machine if needed, to save space. Has auto dry energy saving programs as well as timed programs. I am so confident in the life and performance of this dryer that if the full asking price is paid I have arranged a 3 months labour warranty with a Sussex based company as long as the dryer is located in the Sussex, Surrey, Kent, Hampshire area. I may be able to deliver the dryer if required in these areas. Would work well for domestic use or a small hairdresser.
