Blue, 4 owners, Now a collector's item, the GTS is an early Nineties classic that you can actually ride, day-in, day-out, whenever you want to. The GTS was proof that even large corporations sometimes run on pure instinct, and a passion for engineering. It was one of the first bikes to introduce hub-centre steering and it is a brilliantly engineered bike. It makes for a pleasant ride, it's hugely comfortable and rides brisk and smoothly. This one has heated grips. The North West's finest family run motorcycle dealership, £2,895 p/x
