Black, 2 owners, The 1190 Adventure R is the king of off road bikes, which takes performance and versatility to a new level. It leads the way in important off-road features such as suspension travel, ground clearance and wheel size, and it's also one of the lightest bikes in the top category. This one has full main dealer service history and has just been serviced by us so it won't need another for 12 months/10,000 miles. It is a very clean example.
