2007 Astra I am the 3rd owner and have had the car since November 2013. The car is a great drive and produces good MPG, very clean inside and out. A little over 90K miles on the clock, although this is a diesel so it should go on forever! The car has been Serviced every year and driven mostly on the motorway.

I have recently had 4 new tyres fitted (hardly any wear on them), and had new brake discs and pads fitted roughly one year ago.

MOT until 19 November 2016 please see pictures for details! Next MOT due 13/11/2016, Full service history, Electric windows, Air conditioning, CD player, Height adjustable driver's seat, Folding rear seats, Power steering, Steering wheel rake adjustment, Cruise control, Traction control, Central locking, Immobiliser, Driver's airbags, Side airbags, Passenger airbags. 5 seats, RED, £3,700!

The only fault with the car is the paintwork on the spoiler which I have tried to photograph. It has been like this since I brought the car, but I'm sure this could be easily fixed. I had intentions to fix this when I brought the car but never got around to it!

I am only selling the car as I am going traveling to Australia, and can't afford to have the car sitting unused until I return. It's a brilliant car, I am very sad to be parting with it!

Please do not hesitate to contact me if you require any further information!
