Back by popular demand, the Sinnis Blade takes the Apache to the limit with a motocross rear end, greater clearances, protected conventional long travel 40mm forks, 21 inch alloy/stainless front wheel, 18 inch rear wheel with trail tyres. The 2014 Blade sees new graphics and LED lamps and Indicators. From trails to the train station commute, the Blade takes it in its stride. MCN says "lively and easy to change direction, making it easy to nip in and around traffic... a blade buyer gets an awful lot of motorcycle for their money... a great solid feeling budget buy for the learner legal rider or day-to-day"
