REF:TN6Y. Yamaha XT 125R 2010 on a 60 Plate Insurance Group 5. This stunning looking Yamaha really does stand out against other Super Moto's & really does turn heads. This model comes with bigger wheels which are finished in gold that really do look the business & contrasts against the Black paintwork! These models had clocks that weren't allowed for a UK MOT, but not to worry these have already been changed approximately 700 miles ago. Low running costs, cheap insurance and great looks, this learner legal Yamaha is a bargain at £.
