This is an Eavestaff upright piano dating originally from 1977 in an attractive teak case with 2 pedals. As with all the pianos from Horsham Piano Centre this piano comes with a warranty and the price includes VAT, local ground floor delivery and an on-site tuning which is normally carried out about one month after delivery to allow the piano to settle in. It has a light smooth action and medium tone and is in good internal and external condition for its age. It has been serviced and tuned to concert pitch and is in our showrooms now if you wanted to come in and try it out. We also have a large selection of other pianos in stock at the moment so if this one is not quite right for you then the chances are that we will have another one that probably is just what you're looking for. If you would like further details please call us on 01403 254223 01403 2542...(click to reveal full phone number) or you can always visit the website where our stock is regularly updated with photos and descriptions.;
