

# 18 watt hand wired valve amplifier swap for telecaster

Location **South East, East Sussex**  
<https://www.freeadsz.co.uk/x-355484-z>

This amplifier benefits from Harma cryo treated valves, power reduction, pentode/triode and extensive eq. The sky and earth controls give further control of high and low when amp is at high gain. Speaker cab available with Tayden 12" made in Britain speaker. The last time I checked the website you could join the queue! Designed to have the same qualities as original speakers used in Marshalls back in the day. I am looking for a telecaster but no affinities please. Would prefer Korean or Japanese. Cash adjustment if.
