4GB Storage Capacity (holds up to 3,500 books). Wi-Fi-, Graphite Grey, includes matching genuine Amazon leather case, charger and clip-on reading light. This item is in excellent/as new condition and works perfectly. Would make a very good gift for the bookworm in your life. I have really enjoyed owning this item and it's only being sold because the family have convinced me that owning 4 (yes, four) eReaders is 3 too!
