Neat 6ft SUPER KING ottoman bed frame. All Ottoman beds use a gas lift system to raise & lower the lid of the bed, with no more than fingertip pressure. The mattress, when placed on top of the bed, works as a counter balance, so the overall experience is similar to opening a car boot! The sprung slatted base integrated into the bed's design offers a more natural platform to sleep on & opens up to an easy access storage area to give you a great place to keep your bedroom essentials. The base of the storage area is a wooden platform with small holes allowing for good air circulation of your stored items. As you know all our stock is second hand & this bed frame does have some tear to one of the sides. Please look through the images. ONLY £99, FOLLOW US ON FACEBOOK The link is on the home page. Home From Home brings you the best in second hand.
