EX SHOW HOUSE BED SET *, Quality 3ft SINGLE mattress & base, By GAINSBOROUGH BEDS, This model currently retails for £730.00, The pocket spring system is the best at providing individual support to the sleeper. The upper layer of springs shape to the body contours while the lower layers absorb changes in weight distribution for the ultimate in comfort & support. A layer of cashmere is added to the mattress to provide levels of exquisite comfort. Cashmere is historically regarded as the softest natural hair. Wool is used in this mattress as a soft & insulating upholstery layer for added comfort. Wool is a natural insulator providing coolness in the summer & warmth in the winter. Luxuriously soft yet very strong & absorbent, making silk excellent for temperature regulation. Gainsborough's unique Power Edge support system gives the sleeper a much more supportive edge to the mattress that prevents the sensation of roll-off. Sprung Base This type of base contains springs in the top to help create a supportive feel that works in conjunction with the mattress. A sprung base can actually increase the life span of your mattress. This set up has only been used in a show house for a short period of time; it may have some very minor transit marks.
