

# Cannondale Flash 29 ULTIMATE 17.9lbs Mint Condition Enve XX1 F29 (1,500 GBP)

Location **London, London**  
<https://www.freeadsz.co.uk/x-360083-z>

Used for half a season and in excellent condition. This bike weighed in at 17.9 lbs at my local bike shop, with help from the SRAM XX1. This is truly at race ready rocket. If you are looking at this bike, you know that it has all the best parts that money can buy, and all are bombproof without weight limits. Don't pay retail and taxes, this bike is as good as new. For more information, please see the Cannondale Website.
