

# Purebred vaccinated baby English rabbit ready now (45 GBP)

Location **Wales, Powys**  
<https://www.freeadsz.co.uk/x-360458-z>

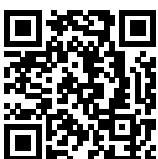

Purebred baby blue English rabbit is ready for his new home now, I only have a blue self buck left! He has been vaccinated with the Myxo-VHD combination vaccine already.

he has been handled daily since birth so he is friendly and inquisitive, both parents and some other relatives can be seen. English rabbits are a medium-sized breed, weighing about 3kg when fully grown. They are also active rabbits so will need plenty of space, they can live outside or as house rabbits.

He is ready to leave now as he is 10 weeks old and fully weaned, I will give you a care sheet, supply of food and any after care advice you may need. I am a member of the British Rabbit Council and the Rabbit Welfare Association and have kept English rabbits for many years.

Please contact me for more information or if you would like to come and view them. I also have a website - look for 'English rabbits Wales' and a facebook page 'English'
