

Kimbara guitar (classical) 1970s. (60 GBP)

Location **South West, Gloucestershire**
<https://www.freeadsz.co.uk/x-367227-z>

Kimbara guitar made in Japan made in the 70s. Condition OK but has a crack at the top of the head stock. The Japanese guitars in the 70s/80s were reasonable and for a guitar 40 years+ is worth.
