

Canon 5D Mark III Body (Shutter count 2231) Compact Flash (32GB 2) (1,290 GBP)

Location North, Lancashire  
<https://www.freeadsz.co.uk/x-367634-z>

I would like to sell my Canon 5D Mark III Body (an original battery, charger, USB adaptor included) that I bought in Japan in 2014 with two compact flash memory cards (32GB). I was originally a photographer but now I'm shifting my interest to documentary filmmaking. I noticed that a handy-cam is more suitable for my filmmaking than a heavy DSLR, which is the reason I would like to sell this camera.

The condition is nothing but excellent. I did not use it for filmmaking so I almost never touched it last year, which is really regrettable knowing its excellent quality. This camera has never experienced any malfunction. I have always used it very carefully. Shutter count is 2231 which means that this camera is almost like a new one.

Payment cash only.
