The Acer Aspire One is your perfect companion on the move. With a clean and simple design measuring in at just 17.9 mm and only 1.15 kg you can carry the laptop with you wherever you go. It's thin and lightweight design means it fits neatly into any laptop or shoulder bag.

With a fanless design, the Aspire One is incredibly quiet, so whether you're working on a project or watching a movie, you won't be distracted.

It also means you don't have to worry about the fan overheating or having it repaired.

The Aspire One comes with a one year subscription to Windows Office 365 so you can take advantage of fully installed versions of Word, Excel, PowerPoint, Outlook and more.

If you're an experienced Windows user you'll be pleased with the return of the familiar Start button and menu, while everyone will benefit from the many new and exciting features designed to make accessing what matters to you quick and easy.

Windows 10 features the new Edge browser, which gives you a much bigger viewing area for enjoying your online content at its best. You can write notes directly onto web pages and share them with anyone - perfect for students or business.

Working between different software or keeping an eye on social media while you work has never been easier; you can now snap up to four apps to any location on the screen for effortless multitasking. You can even create individual desktops for specific projects and tasks.

Whatever you're doing, Windows 10 makes your PC work the way you want.

The lightweight Acer Aspire One Cloudbook 14 can be used in a variety of ways. It's thin and light, making it easy to carry around. It's also a great choice for students and business users.
