This is a very very reluctant sale of my beloved Renault Estafette R2137 High Top, selling because I have another van that I am converting into a catering van.

This van started its life as a Fire engine in the South of France and was shipped to the UK in 2014.

This van starts first time every time all year round, I have driven this on a 400 mile round trip and have spent many hours in traffic on the M25 and van just perfect. Its a real head turner.

Be prepared to spend time showing people around it its so unique everyone will want to stop and talk to you about it.

This vehicle is UK road legal and V5 in my name. 12 Months MOT No TAX because of new TAX rules Insurance costs me £130 a year fully comp

Full service history from 2008 27496km or 18066 miles

Work I have had done on the van, no expense spared this van is great
