Early Rider Balance Bike worth £110 new Works great has been used so slight wear to saddle and end of hand grip. Tyres are good and have been pumped up and inner tube good. Classic 12"/14"

Our flagship wooden bike. With it's slackened head tube, wide rear tyre, longer wheel base and low centre of gravity, the Classic makes for an incredibly stable bike capable of nurturing the most inexperienced rider. The larger frame, 14" front wheel, comfortable ride and drop dead good looks means this is also a bike your kid's going to want to stay on for a long time to come.

The ability to support a child when they are younger and less inexperienced as well as when they are older and bigger is a key benefit of the Classic. ;
