Do you live in the countryside or outside of the towns and cities in the UK? You-tility.co.uk is helping those in hard to reach areas to gain funding to improve their properties, funding is available for – Loft insulation, Cavity insulation, Heating grants, Loft conversion insulation and much much more. We offer FREE, NO OBLIGATION surveys of your property which will let us know what you are entitled to. To find out more information or to apply go to www.you-tility.co.uk today and we'll call you back or why not call us on 0191 2805619 0191 28056...(click to reveal full phone number) Simple :) To whom it may concern, We are trying to raise awareness of funding that is available for insulation. This has been around for a while and although most of the towns and cities have had a high percentage of properties take up the funding through door to door canvassing and marketing in densely populated areas, the funding does not seem to be reaching those in rural and semi-rural areas. A high percentage of these people are not on mains gas supplies and have high energy bills, yet are not aware of the funding they are entitled too. Would this be of interest to the paper in running a story to raise awareness and help those in need? Our installation partners do and will travel to all parts of the UK, we currently carryout jobs in the Scottish Highlands and Islands on a regular basis. We have funding available for FREE loft insulation, Cavity Insulation and new funding for properties with loft conversions or for those with a room in their loft. Can you let me know if this may be of interest as a story to you guys? We look forward to hearing from you. Kind Regards ;
