Standing at 17h, Mc winna is an elegant 2007 Dutch Warmblood (KWPN) imported gelding. With 5 good gaits both uphill and elastic gaits. He has lots of potential for moving through to FEI. Mc Winna is so sweet, sensitive and has a charming bay coat, this young star needs a good family that can watch over him with close attention. Winna is kind of all handling, he has already competed up to intermediate II and very advance in dressage, showjumping, cross country and hunting etc; He is super honest in his work and really wants to get it right, tries really hard for his person and has never offered any untoward behavior (zero bolt, buck, rear, etc) Will make an exceptional addition to any family that accepts him with one heart. Winna is a very competitive horse and ready to take his rider to the toppest level, already jumped 140m in Holland. Winna has very clean vetting on import earlier, x-rays available. Mc Winna is sold at £6,200 GBP and price is negotiable and you're free to make schedule of payment. Kindly feel free to contact us for more.
