

180 ltr Fully stocked Fish tank (500 GBP)

Location **South East, East Sussex**
<https://www.freeadsz.co.uk/x-369301-z>

This is 180 lt bow front Jewel tank with base. All in good condition. It is a healthy tank as the fish are breeding all the time. There are so many types, all suitable for community tank. The guppies are apparently breeding with everything so I have some odd looking fish. Besides guppies there are tetras both neon and cardinals. Mollys different types. Plecos. Platys. One Siamese fighter. 2 large catfish and many others which I cant remember the names. I guess there must be well over 80 fish. I did ask them to line up to be counted but they weren't very accommodating. I have taken 2 videos which show them much better but can't seem to upload to Friday ads. I have 2 different lighting systems . usual white LEDs plus blue LED lighting which is very effective. My only reason for sale is ill health. I'm partially disabled and my health is deteriorating so I find it almost impossible to carry the buckets of water etc when cleaning. There are live plants. Ornaments. Heater. 2 lge airstones. 2 filter pumps. Plus another new pump not being used at the moment. Other LED lights not being used. 2 Thermometers. Quite a lot of Assassin/bumble bee snails. About 8 lge bottles of water treatment plus loads of food. Complete set up. Buyer will need to dismantle and move. I am in Central Brighton, North Road. This whole setup cost me over £1000, so I want £500 for
