the rear of the area has a large size double bed and a electric. Plenty of storage space. The caravan has hot/cold water. Can be used for water. Electric boiler. The inside is fully equipped with works of gas as well as electric. Very easy to work. Heats up very quick. You can use air heating as well which is fitted all the way through the caravan which gets the heat all through the van.

The washroom is at the rear end of the van at the left hand side. There is a swivel toilet and a shower. This is a twin axle caravan, easy to tow, tyres are good too.
