Reluctantly after being my boy for 9 years I'm trying to find my boy his forever home. Due to my sons illness. He stays on s stand at window all day, and enjoys coming out in the garden and park in his mini travel cage. He is vvvvvv chatty and picks things up too quickly! Lol. He is tame but anyone who knows greys they need to trust. He will go with everything including a corner cage not that he uses it. As long as you have garlic bread and custard creams as a treat he will love you. This is really hard to do, as he's my boy. Please contact if u think you could offer him a loving
