

Monoc carbon seat post - road (10 GBP)

Location **South East, Kent**
<https://www.freeadsz.co.uk/x-371736-z>

I ran this seat post on a giant TCR in the "early noughties" and it has been in my box of useful parts for just over a decade now. It weighs 251g. Length from bottom to sliver top section is 31.6cm. The min insert line is 10cm from bottom. 17mm diameter / 1 1/8 inch (measured with regular tape)
