

**Ultra compact gaming PC, i5-4690k, MSI R9 380, 16GB DDR3 RAM (10 GBP)**

Location **North, South Wirral**  
<https://www.freeadsz.co.uk/x-371777-z>

Compact but extremely capable backpack-sized gaming PC with out-of-the-box parts.  
Able to hit the constant 60+ fps sweet spot with ease on popular gaming titles like GTA V (75fps average) and Overwatch (80fps average) at ultra settings.  
Perfect for gaming while traveling, or to just save space at home with case size of just 377 x 82 x 330 mm.

Premium quality fans combined with on-board fan control ensure a near-silent system, or crank the fans up to full for maximum performance while overclocking. All components are like new - less than a month old with some use for testing/benchmarking purposes. I will include all relevant hardware manuals/spare mounting screws etc that came with original products.

Specifications:

Case - Fractal design Node 202  
Micro ATX case, 377 x 82 x 330 mm dimensions, more info on Fractal Design's website

PSU - 450W Corsair SF450  
80+Gold efficiency rating, fully modular cables

Motherboard - ASRock Z97M-ITX/ac  
Built-in wifi, support for CPU overclocking and custom fan speed control
