A cracking example of a Honda CBR600 Repsol replica that has only covered 5262 miles from new by its former keeper. The bike was serviced at 3312 miles. The bike has been HPI checked and a Certificate will be presented with the bike. The bike has been fitted with a performance exhaust, this allows a little more of a growl upon acceleration and also allows the throttle to be a lot more responsive. The bike has ABS to help improve vehicle control and decrease stopping distances. The bike comes with a factory fit immobilizer, this stops a cloned key or screw driver being used to start the bike. Viewing is welcome any time and we guarantee you will not be disappointed. Give us a call on 01246 860046 01246 8600...(click to reveal full phone number) for more info or pop in and view the bike at CMC Clay Cross. We also offer nationwide delivery, so if you prefer us to bring the bike to you just let us.
