Angelic Beauty multi treatment studio

Are you looking to build your business and clientele? We are looking to build our team and treatments on offer in the studio

Hi we are looking for beauticians, body pierces, barber's, all therapy's and treatments considered to join our team on a self-employed basic,

We already have tattooing, semi-permanent make-up, sunbed, reiki & crystal healing, clairvoyant readings, some massage,

We have lots of front of house space available and accesses to a private room if needed the pictures do not do the studio justice

I offer the space on a weekly flat rent or you can work on a percentage share which ever suits you please contact me for details

We are on a busy part of College Road

If you are interested please contact me

Thanks
