A lovely example of a Honda CBR600 that has only covered 3936 miles from new by its 2 former keepers. The bike was serviced at 2340 miles. The bike has been HPI checked and a Certificate will be presented with the bike. The bike comes with a factory fit immobilizer, this stops a cloned key or screw driver being used to start the bike. The bike has ABS to help improve vehicle control and decrease stopping distances. A tank pad has also been fitted to the bike, these protect the paintwork from rubbing with the riders jacket, they also look nice. Viewing is welcome any time and we guarantee you will not be disappointed. Give us a call on 01246 860046 01246 8600...(click to reveal full phone number) for more info or pop in and view the bike at CMC Clay Cross. We also offer nationwide delivery, so if you prefer us to bring the bike to you just let us.
