HP Pavilion g6 Laptop, works absolutely fine but needs new cooling fan and possibly new screen cable as was dropped a while ago (see damage to in photo). Also a couple of scratches to the screen but they're hardly noticeable. None of this affects the laptops performance by the way. Selling due to wanting an upgrade and not clever enough to fix this one. Windows 10 installed, Intel core i5 processor, 1TB hard drive, 8GB ram. Charger included. Cash on collection or Paypal prior to collection. Collection from Worthing only, I will not post. Message me with any questions and I'll try my best to answer.
