Very large aluminium secondary glazing unit with four sliding glass doors., Overall size 334 cms wide X 218 cms high, which could be cut down to a smaller size quite easily, if required. Doors interlock when closed. This could also be ideal as a front to a summer house or similar garden structure. A glazing company has quoted me £1200. to provide a similar unit on a supply only basis, so this is a bargain at only £80.
