

# Honda CBF1000 2006 (2,200 GBP)

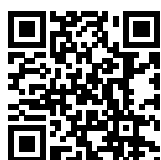

Location **East of England, Essex**  
<https://www.freeadsz.co.uk/x-373457-z>

Bike comes with Givi monokey top box with back rest (only has one key). USB point for phone or sat nav. Centre stand and side stand. Road Pilot 4 tyres fitted front and rear. I have both keys for the bike, under the seat tool kit, stot oiler. I have mots from 2013, service book and bike manual and receipts for the parts I have fitted to this bike. I have serviced and maintained this bike myself. As you will see by the list of jobs all are regular jobs for parts that need to be maintained and replaced and cleaned at regular intervals. The bike starts on the button every time and sounds and performs great. I have added honest photos of this bike as it has a few scratches on the paint work and wear marks as you would expect for a bike of this age and daily used. 2016 work - New Battery. New progressive fork springs and fork seals fitted. New tapered head bearing and race fitted top and bottom. Front brake Pistons cleaned and new piston seals, Calipers cleaned. Master cylinder rebuilt, New Gold fren brake pads. Clutch master cylinder rebuilt. Clutch slave piston cleaned and new seals. Clutch fibre plates replaced, Steels are in perfect condition. Engine oil castrol T4 power 10-30w (as recommended by haynes manual). Rear brake pistons cleaned and new piston seals, caliper cleaned, rear brake master Cylinder removed, cleaned and regreased. Gold fren brake pads fitted. Radiator grill fitted. Coolant system flushed and new coolant filled. Radiator cooling fan cleaned, fan cowling replaced. New chain and sporckets. Happy to answer any questions about this.
