

Ford Cortina 1973 (5,600 GBP)

Location

Northern Ireland, County Down

<https://www.freeadsz.co.uk/x-373661-z>

1973 Mk3 Ford Cortina 1600 L

It is automatic and is a fantastic driving car. the interior is in excellent condition! The drivers seat was re-upholstered a few months ago as well so there is no rips or tears! It has the sloped dash as you can see from the photos and only has 54,000 miles on the clock!

The car is MOT'd until June 2017 and it is tax exempt!

The car will come on its standard steel wheels which I have shown in the pictures!

It comes with a lot of history! It belonged to the Director of Ford Dagenham and comes with a book which states every time it was filled with petrol and how many miles were done between each fill, it says when things were done to the car etc!

I am looking £5600 must go open to
