For sale, BMW 316i automatic 1997, it's had a new head gasket, new back box and down pipe, I've changed the front grills to matte black m-sport, very clean interior, few age related marks on body, small dent on offside body and indicator light (I have a replacement light casing) starts first time, there is a loose connection in the dash, and the drivers side and rear left passenger side and boot unlock with key fob, however the rear right doesn't and the passenger side sometimes does/doesn't. car is extremely well looked after, it's done just under 118,000 and will do so much more, MOT until Feb 2017 sold as seen £900 no silly offers. Selling as I want a smaller vehicle.

Many thanks;

BMW 3 Series 316i 1997
