Lenovo Y510P Ideapad CPU: Intel i7-4700MQ @ 2.40GHz

RAM: 12GB

OS: Windows 8 (ready for 10) 64-bit system

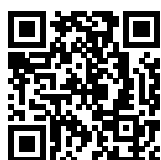

V-Card: NVIDIA GeForce 755M 2GB

HDD: 1TB Pros: - Red LED backlit keyboard - Fantastic sounding speakers - Powerful 3 hour battery life
 - Never overheated, only gets hot when playing bigger games. Minor games and browsing internet cause no heat - Two USB 3.0, one USB 2.0 - HDMI and DVI port - CD/DVD drive Cons: - The screen frame is slightly damaged, but this does NOT affect the LED screen at all - Like most gaming laptops, it requires you to have the charger plugged in when playing major games like Star Wars Battlefront, having no charger plugged in and on means major framerate reduction The laptop comes with the box and charger, I shall write down all the information such as Windows key, everything you need. In addition to the laptop, I am throwing in a £40 SHARK gaming headset. £20 gaming mouse with buttons on the side and a £20 gaming laptop cooler that has blue LED's to keep the laptop cool when gaming. I am strict at £550 for all said items, I MAY barter but it is unlikely. Reason on selling is that I have upgraded to a gaming PC.
