This is Clover, he is a young saluki X. He is in need of a new home as we were only meant to be looking after him temporarily as previous owner has been ill. I cannot have him permanently due to work, but in no rush to give him away until a good permanent home comes available. He is neutered. He has been chipped and is up to date with jabs. No good with cats. Good with other dogs and preferably to go to a home with older children as he's not keen on noise.;
