KSR Moto Code 125cc - European learner ready bike. Only 2200 Miles (2014 bike) Practically brand new, recently serviced. I have used this purely for 125cc practice for my big bike test. Lovely solid little bike. Google this bike and check reviews, this is a European built bike, not a poorly build Chinese bike. Great little bike, comes with Oxford Aquatex rain cover. Kept in garage with cover on. Well looked after.Type: 4-stroke, air cooledDisplacement: 124,5 cm³Max. power: 8,2 kW @ 9.000 rpmTank capacity: 17 lTransmission: 5 gearsMass: 132 kgStarter: electricBrakes: disc/discSeats: 2Length: 2.090 mmWidth: 830 mmHeight: 1.060 mmWheelbase: 1.330
