Hello,
This is a brilliant opportunity to buy one of the UK's lightest caravans. It is a wonderful first timer caravan, which is easy to tow for the smaller car (always check the towing regs for your car). The caravan is fitted with a remote controlled motor mover, this makes moving the caravan so much easier. It has been fitted with Tyron flat tyre protection as a safety feature. The caravan is not only lightweight its a special edition (extra features) as new inside, damp free and smoke free. This price also includes a brand new Garda 240 awning which has been used once and includes lightweight poles. It also has a sun canopy for shorter stays, the choice is yours.
They really have thought about the layout in this small caravan, its a bit like a tardis once you step in. They have managed to fit everything you might need into this beautiful tourer. Reason for sale is we have purchased a holiday home so the tourer is no longer required. Remote controlled motor mover Tyron Flat Tyre Protection Whale MK2 underfloor space heater Water Heater Smoke detector and carbon monoxide detector Skylight Shower Unit Oven Multi-Directional TV Aerial Mixer Taps Mains Electric plus cables to charge the battery at your home Internal Window Blinds Flyscreen blinds which is brilliant for the summer months Hot And Cold Shower Unit Hob Hitch And A-frame Cover Hitch lock and wheel lock (which will help reduce insurance quotes!)
