There aren't many words that can describe the Ducati 899 Panigale, but if I were to try it would be some thing like utterly mind blowing biking ecstasy!!! The bike is so good, riding it is an experience you will find hard to beat, and that's not all it is dripping in electronic aids such as traction control, ABS, EBC (Engine brake Control) and a standard quick shifter. The ergonomics are superb giving you a far better ride position then the 848 and the ride and handling is through the roof good! All this makes the Ducati 899 one of the most user friendly, super sports bikes on the road, oh and one more thing it sounds and looks amazing!! This stunning machine comes standard apart from R&G carbon protection. It has been meticulously looked after with full Ducati Services history and loads of life left in the Corsa's. If you are looking for a super sports that has every conceivable electronic aid and is an absolute pleasure to ride then look no further, This is an amazing bike and worth every penny!! It also comes with our 12 month warranty and roadside assistance, full HPI check, FDSH and PDI.
