I am a mature slim qualified and insured male body massage therapist. All certificates are viewable at my therapy room located in Four Oaks, Sutton Coldfield. The therapy room is comfortable & roomy, a picture of which accompanies this advert. As the room is fully temperature controlled it is capable of very warm climates. The massage couch is also heated so you need not fear of being cold during your massage. Bottled water is provided too. My style of massage is very invigorating & pleasurable as well as soothing & relaxing and is equally suited to both men and women. You may choose which areas of the body are included in the massage and which are to be avoided. I do not provide sports or deep tissue massage. The purpose of my massage sessions is purely pleasurable relaxation. You may wear whatever you wish during your massage including nothing at all. You may also elect to be covered with towels during your session or remain uncovered, the choice is always yours. I never pressure my clients in either of these matters. Only base oils are used such as Sweet Almond or Grape Seed oil which are fragrance free. I do have other oils such as apricot kernel oil, coconut oil and avocado oil should you have a condition that dictates the use of a particular oil or merely a specific preference. Shower facilities are available and all toiletries are provided should you need them. I am located in a quiet out of the way location with free street parking. I am available 7 days a week and my prices are very reasonable. Call or text Brian on 07490 330565 07490 3305...(click to reveal full phone number) (Whatsapp - Live status) any day of the week including.
