I've owned this generator for 3 years approx. I bought it from a hire firm in Essex. It's been in storage for 2 and a half years. It's had an updated radiator runs 20% cooler, updated new 550v capacitor, new ball hitch fitting and good tyres. There are a few scratches. The engine is clean leak free, well serviced and no smoke or rattles or knocking. It's had new antifreeze, oil and filters. It's a good tidy machine for its age. The hour clock reads 04883 and runs at 3,000rpm. £2,200 NO
