SIMPLE PLUG AND PLAY 13 AMP MODEL Availability: In Stock 6 person plug and play hot tub For Delivery Time Options call us today on 01212774874 012127748...(click to reveal full phone number) Our 1000 series is the most affordable 6 person hot tub on the UK market. And for easy set up, it simply plugs in to your mains, hence plug and play hot tub! We have used the same quality components and cut no corners when manufacturing this fabulous round family spa. It really is ideal hot tub for spending time with friends and family as it has lots of room, yet because it's round, this hot tub takes up less space in your garden - We've made sure this hot tub works in typical UK garden sizes without feeling too big. Great hot tub features The 1000 series hot tub comes with LED mood lighting, powerful 3hp pump and Balboa controls. Take a look at all the great features of this hot tub below... FREE Cover and Steps with every Hot Tub! Description The most affordable 6 person plug and play hot tub on the UK market. This might be one of the lowest priced spas in our range but this doesn't mean we have cut any corners. The 1000 series is still built using the same components as the higher end H20 hot tub range. The pumps Control system and warranty remains the same and being a 13amp plug and play keeps installation cost to minimum. This is a great 6 seater family spa, it has a number of different levels of seating to provide the whole family with a favourite position in the spa. Each seat has a different variation of jets making moving around the spa a completely different experience for each user. It also incorporates some great hydrotherapy jets for a great upper and lower back massage. Don't think for a minute this spa is under powered, it is packed with a 3hp LX pump and due to the lower jet count this makes the 1000 series a little power house. Key points 13 amp plug and play
